Employment Opportunity: Regional Engineer

The PVC Pipe Association is seeking a Regional Engineer to promote PVC pipe and fittings and provide technical support to water/wastewater utilities and consulting engineers in North America.

Candidate must have a civil/mechanical engineering degree; knowledge of PVC piping standards, specifications, and procurement protocols; an understanding of PVC pipe performance characteristics; superior oral and written communication skills; and proven ability to interface with senior public officials. Desired skills include sales experience and proficiency with contact-management software.

Travel required. Competitive salary with bonus structure and excellent benefits package, including car.

Start Date: Immediately.

Please send resumes to Amanda Cassidy @ acassidy@uni-bell.org
